

INTRODUCTION LETTER

We would like to take this opportunity and bring to your kind notice that, we **M/s. Sri Venkateswara Engineers** established in 2007. **SVE** provides complete solutions ranging from sales, engineering, consultation, system integration, designing, erection to installation for various industries, etc. Being experts of high-level automation like Pharma, Power Plant, Water Treatment Plant, Government Sectors (Sewage Treatment Plants, Water Treatment Plants, High Ways, Solar (On-Grid & Off-Grid Systems, Solar VFD, Solar Street Light) Building Automation Systems (BMS), HVAC SYSTEMS, FIRE SYSTEMS, AHU, Cement, Pulp & Paper, Pump, Food & Beverage, Chemical, Oil & Gas, Textile and Energy, Compressor, Conveyors, Cranes, Elevators, Lift, Bottling Machineries, Blower (ID& FD fan), CNC Machines, Special Purpose Machines (SPM), Bottling Machinery, Tubeless tire Service Patch Machinery & We are Own manufacturers of LED Lights (Solar Light, Flame Proof Lights) & ALL TYPE OF Electrical Panels & PLC Based Automation Panels, Lightning Arrester, Earthing, Cable Tray supply and Erection for any other Process Applications. We provide solutions as per the customer's expectations. This entire the process entails transmission of data through various layers and a real-time energy monitoring system. Our team members include engineers, designers, executives, accountants, programmers, supervisors, technicians & others. In addition to this we have our floating associates who are engaged with us on a project-to-project basis.

We thank you for sharing your valuable time frame for going through this profile.

We would like to Emphasize and Authorized Dealers for the following products,

1. **ABB** VFD Sales, Spares, Service. Commissioning & AMC
2. **INOVANCE** VFD Sales, Spares & Service, PLC, HMI & SERVO Systems
3. **"FUJI"** Make VFDS (**LT & HT**), SERVO (VFD&MOTOR), PLC, HMI, SWITCH GEARS, UPS, ELECTRONIC INSTRUMENTS, ULTRASONIC FLOW METERS, GAS ANALYSERS, RADIANT INSTRUMENTS, V CONE FLOW METER, TEMPERATURE CONTROLLER..ETC
4. **"SCHNEIDER"** Make Switch Gears, AC VFDs (LT & HT) & SERVO MOTOR & PLC-Japan
5. **Sumitomo** Make Gear Boxes and Gear motors – Japan

SRI VENKATESWARA ENGINEERS

Solutions for Valuative Engineering's

Factory Address:

Plot No. 1, Tower Line, Thirupadhikodai Road,
Kalaivanar nagar, Athipet, Ambattur,
Chennai – 600 058. Tamil Nadu, INDIA.
Contact: +91 9940 950 054, +91 9840540654 /044-3552 5842

sveindiasales@gmail.com

6. **Danfoss** & **VACON** VFD Sales, Spares & Service

7. **SVE** –LED Lights (Indoor and Outdoor type)

8. **CAIR**-Electrical Actuators, Control Valves, UPVC & CPVC Valves, Butterfly Valves, Gate Valves, Non Return Valves, Pressure Reducing Valves, Sluice Valves, Gate Valves, Motorized Valves

9. Manufacturers of Electrical Panels, MCC Panels, Starter and VFD Panels, Automation Panels, Undertake Panel Termination and Cable Tray, Cable Laying & Erection work.

10. WE UNDERTAKE VFD AMC (Comprehensive & Non-Comprehensive) & SUPPLY OF VFD SPARES & SERVICE - **ABB**, **CG**, **Danfoss**, Fuji, **Inovance**, **Schneider**, L&T & **Vacon** VFDS WITH PANEL.

11. We undertake retrofit & AMC for Electrical Panels.

TECHNICAL BACKGROUND:-

Mr. A. John Paul: Having 23 years of Experience in Motors, Gearbox, Drives, Valves, Panels and other Electrical Equipment, PLC, Instrumentation, Erection & Commissioning & Electrical project.

Mr. P.Gurunathan: -(Water Consultant) Having 38 years of Experience in Projects Consultant for Water Treatment Plant (ETP, DM, STP & WTP). Handling Civil, Plumbing & Instrumentation and Water Plant Erection & Commissioning.

Mr.M.Keerthiwasan: Having 25 years of Experience in Projects Consultant Handling PLC, Instrumentation, and Water Plant Erection & Commissioning.

Mr.K.Selva Ganesh: -(HVAC Consultant) Having 20 years of Experience in Projects Consultant for HVAC System (Chiller, Cooling Tower, Pump,Ahu,Fan,Ducting,Piping,Fire Systems) Handling Civil, Plumbing, Electrical, Instrumentation and Commissioning.

Mr.D.Palani: Having 25 years of Experience in Projects & Marketing.

Mr.J.Baskar: Having 20 years of Experience in Drive Service & Commissioning, Valves, Design Panels and other Electrical types of equipment.

Mr. T. Balaji: Having 25 years of Project Experience in Engineering Panel Design & Estimation, Valves, Panels and other Electrical types of equipment.

Mr. S. Desingh: Having 30 years of Experience in PLC Automation, Fire Systems, BMS, Automation Design, Wiring & Commissioning, and Other Electrical Equipment.

ENGINEERING:-

“Without Engineering Science is just Philosophy”

We **SVE** have a dedicated team of engineers working to match the custom design needs and providing prompt technical solutions.

1. Planning and Estimation.
2. Designing of Mechanical, Electrical panel, and Projects.
3. Site Inspection and Project completion.
4. Providing customized customer support including project’s designing, consultant approvals, procurement, erection, testing, and commissioning.

SERVICE:-

“A satisfied customer is the best business strategy of all”

“No matter what you sell, you got to sell satisfaction”

SVE firmly believes customer satisfaction & service supports are major players for firm growth and committed to it. An experienced team of qualified professionals provides service support on a 24x 7 basis.

1. Servicing of all major VFD’s Service, Commissioning & take AMC-5.5kw to 750kw.
(**ABB, CG, Danfoss, Fuji, Inovance, Schneider, L&T & Vacon...etc**)
2. AMC visits and troubleshooting within the stipulated time for preventing process breakdowns.
3. Installation and Commissioning of VFD’s, field instruments (Actuators, Sensors, Valves), process automation, AHU’s, Cable erection and duct working
4. We have installing Lightning Arrester and Erath Pit.
5. We have contract team for Cable tray and Cabling erection and commissioning

sveindiasales@gmail.com

6. We have 6 no's of Good trained Engineers for Drives Repairs, Commissioning, Panel Erection and Commissioning.
7. 5 no's of Technicians for Panel wirings & we have Two lower end Contract Team for In-site work
8. We are doing service up to 132kw **SUMITOMO** Gear Box
9. We are doing **HVAC** Ducting work & **Fire Alarm** System also

PANEL MANUFACTURING:-

SVE as a company committed to quality never takes a chance when it comes to its customer. We have our own panel fabrication and designing unit working par with the highest industrial standards meeting the customer expectations and more.

1. Indigenous panel fabrication unit.
2. Panels for every need, from starter panels to line-up panels.

SVE commissioning refers to the on-site commissioning of AC drives or Solar inverters or Electrical Panels or Cable Erection at customers' premise. This include,

- Supervision of Erection
- Visual Inspection of Installation
- Cold Check of the System
- Control Interface Testing
- Panel Testing and commissioning
- Test Run
- Commissioning Report

Customers will receive a system with optimized performance, which utilizes the full potential of products. It is crucial that commissioning is done correctly in order to reduce field quality issues during the product's lifecycle.
